

# APEC Ageing-inclusive Digital Economy Workshop

---

## ON THE PROJECT APEC SCSC 04 2020S

Ageing-inclusive Digital Economy: Bridging the Digital Divide for the Elderly by Standards and Conformity Assessment

Sponsored by the Chinese Government  
Presented by China National Institute of Standardization (CNIS)

---

**20<sup>th</sup> Oct 2021**  
**ON-SITES (BEIJING) & ONLINE**

---

## BACKGROUND

- A key digital divide now is the one related to the elderly, which has taken an adverse effect on daily life (e.g. online shopping), working (e.g. working from home), learning (e.g. distance learning), personal health, and safety (e.g. mobile diagnosis and treatment, cell-phone emergency call) of the elderly, especially during the COVID-19 Pandemic.
  - Standards and conformity assessment could help to address the issue above, by setting out the requirements for the digital products, services, systems, and solutions regarding the needs and preferences of the elderly, to promote greater inclusion of the elderly in the digital society, and benefit the digital economy and improve quality of life.
- 

## OVERVIEW

- To share best practices & experiences, increase understanding, and promote collaboration, the APEC “Ageing-inclusive Digital Economy: Bridging the Digital Divide for the Elderly by Standards and Conformity Assessment” (APEC SCSC 04 2020S) is undertaking.
- As a critical event of the project, the APEC Ageing-inclusive Digital Economy Workshop will be held on 20<sup>th</sup> Oct 2021.
- The workshop will be convened with a combination of

online and offline modes. The speakers/participants in the locations outside of Beijing are invited to participate virtually.

---
